CB Fine Jewelry Co. Ltd. has announced a robust 2007 trade show schedule to follow its successful 2006 world tour of jewelry trade fairs. "The past year has been an exciting one for CB Fine Jewelry" says company spokesman David Blyler. "More and more designers and fine jewelers are discovering how CB artisans can handcraft their jewelry creations to perfection at labor costs far below their current expenditures. We love going to trade fairs and showing potential clients just how easy and cost-efficient it is to outsource their manufacturing to Thailand and CB Fine Jewelry."

Employing more than 200 skilled workers and craftsmen, CB Fine Jewelry has fast become Thailand's premier manufacturer of fine designer jewelry and outsource manufacturing services. Its handcrafted fine jewelry appears regularly in leading trade magazines and consumer publications around the globe, and is distributed to more than 300 premier jewelers world-wide. Its vintage style and contemporary collections range from garden motif eternity bands to filigree engagement rings, and from antique reproduction earrings and pendants to micro pave-set diamond bracelets.

CB Fine Jewelry rounds out the 2006 jewelry trade fair season with a visit to the MidEast Watch & Jewellery Show in the Arab Emirates (October 30 - November 3). The 2007 winter schedule begins with the CB Fine trade show team arriving at the Hong Kong January International Jewellery & Watch Show (January 7-10); they then fly off to the United States for the JA New York Winter Show (January 21-23). The CB team leaps across the pond for the Inhorgenta Europe fair (February 23-26), returning to Thailand just in time for the Bangkok Gems & Jewelry Fair (February 28 - March 4); and then the Hong Kong International Jewellery Show (March 6-10).

The 2007 Spring and Summer season of jewelry trade fairs starts with the always popular Basel show (April 12-19) in Basel, Switzerland; followed by stops at the JA New York Summer Show (July 29 – Aug 1) and the West Coast Jewelry Show (Sept. 9 -10) in Anaheim, California.
