

DeskCenter migrates LiveState Delivery packages into MSI standard

Date: 10.06.2008 - 17:20

Category: [IT, New Media & Software](#)

Press release from: [DeskCenter Solutions AG](#)

The DeskCenter Solutions AG provides a fast and favourable migration of LiveState Delivery packages into MSI standard packages. Thereby experienced consultants will support the whole process. The DeskCenter Trade In program with its convenient terms offers an additionally sales appeal to change for.

Because of the holistic approach of the DeskCenter Management Suite an effective controlling and management of IT assets is possible and compliant to the ITIL defaults. The Configuration Management Database (CMDB) based on Microsoft SQL Server technology supports this process reliably. Its also easy to integrate external applications (e.g. SAP) through a individual interface.

Please respond now if you want to migrate LiveState Delivery packages!

DeskCenter Solutions AG
Mr. Michael Düntzsch
Grassstraße 20
04107 Leipzig
